

CNA Solutions Using Technology to Solve Workforce Challenges Webinar

5/22/2018 at 10:00 AM (EDT)

Log-in and learn about CNAonline.com's partnership with Statewide Insurance Services!

Do you need to recruit and retain quality staff? Looking for an innovative way for your staff to work and earn a degree?

Then be sure to log-in on May 22 for a webinar explaining how CNAonline.com can work for you in recruiting and retaining staff!

Register for this webinar at <https://educate.ahcancal.org/p/180522>

This webinar will introduce the CNAonline.com solution utilizing the AHCA's "How to be a Nurse Assistant" curriculum. This program is approved in the state of Kentucky and is in partnership with Statewide Insurance Services, a subsidiary of KAHCF. During this program we will discuss:

- The workforce challenges that impact the industry, stressing the need for quality trained workforce to meet the growing demand.
- Explore the use of a blended learning approach to train staff, explaining how to use the course as a tool to attract additional staff into the aging care field.
- We will demonstrate the course for ease of use and discuss the components necessary in order to utilize this method.
- We will cover customization, compliance and state certification, including the career ladder options and college credit hours earned

The webinar will be led by John Reinhart, MBA, CPA, Co-founder and President of Academic Platforms, LLC and CNAonline.com
